Booth Sizes and Rules

Booth sizes will accommodate up to 10'x10' ft. and spaces for this event spaces, No stakes may be driven into the ground in the booth area - so canopies and tents that may fly away must be heavily-weighted on all four corners, and may still need to be taken down if a breeze develops even if weighted. Do not set up canopies or tents unless there are heavy weights on all four corners, and do not drive stakes into the ground anywhere.

Location of the Booth Area

The booths for the Veterans Parade will be in an area on the west of the State Capitol Building. The boundaries for the booth area are located on our website at Calvac.org.

Drop-Off

Booth equipment drop-off will be on 10th St. from 8 am – 10 am. The earlier that booth participants arrive, the easier their parking experience will most likely be. All vehicles must be off 10th Sts. by 10 am and there will be no parking on 10th sts. during the parade.

We request that booth participants drop off booth equipment in under 10 mins. and move your vehicle to the nearest parking garage with available space before completing set-up. Parking on 9th Sts. during drop-off will be at a premium, so completing equipment drop-off quickly and then moving off 10th Sts. as soon as possible will help other booth participants drop off their equipment without blocking the flow of traffic. Please plan to complete your booth set up after parking your vehicle.
